A CARD TO THE PUBLIC.

THE ADVERTISEMENT OF THE CARSON
ROAD WORKS which appears in to-day's
JOURNAL was composed and written by me
before ever the manager or workmen of the Car-
son Road Works knew what a piece of soap was. I
am surprised at L. S. Greenlaw appropriating an
advertisement written by a person not having
charge of the educational interests of a certain
portion of our State. Were I connected with in-
stitutions of learning I would not appropriate
the simple composition of a hard-bitten son of
toll, endeavoring to advance my own interests.

FOR FINE JOB PRINTING CALL
at this office.

The Winnemucca Silver State, with which we have slight controversy concerning railroad taxes, concedes the truth of the JOURNAL's statement that the Central Pacific pays at the rate of \$9,000 per mile, without litigation, in Washoe county, a fact which assessors in other counties should make a note of and act accordingly. But the Silver State takes us to task for calling it a "chickadee" and insinuating that it was a railroad organ. We are very much gratified to be told of the contrary, though the editorials on the tax question led us to believe that a change had come over the spirit of the dreams of that paper. The dullness of our comprehension must be accepted as the excuse for our assertion. We have always looked upon the Silver State as a faithful exponent of the people's wishes. We have often admired its denunciation of corruption in every form and guise under which it existed. Its zeal for the public welfare has often elicited our hearty commendation, and the only fault we have found with it has been that it has been too strictly partisan, ever ready to cast slurs upon Republicans and the Republican party, and always foremost in palliating and excusing the crimes of Democrats and that party. Otherwise, as a teacher of the people, it has, to our notion, followed in the precepts of honest journalism, and we have believed and to a certain extent been guided by its utterances. But when it inclined to believe the statement of an outsider against one of the profession we confess that we thought it had wandered from the path of duty. We are willing to be forgiven, and forget the past.

CARL SCHURZ' VIEWS ON THE PRESIDENTIAL QUESTION.

The Chicago Tribune reporter Hon. Carl Schurz has expressed very freely his views on the Presidential candidacy. He considers Bristow the best man for the Republican nomination, because of his availability with all classes and parties, including the Independent Reformers; because he has been one of the most active prosecutors of official fraud and corruption, with which the great masses have no sympathy, and because throwing him out would cast more or less odium upon the party. He considers Charles Francis Adams an excellent choice, but thinks there is little probability of his becoming a candidate. He speaks of Blaine disparagingly as a candidate for President, because he lacks the record of a reformer, which Bristow possesses. Schurz says the sentiment of the country is strongly for reform, and that the party which wins must do it on a reform basis and candidate.

EXECUTIVE NOMINATIONS.

The President nominated and the Senate has confirmed Pierpont for Minister to England, Judge Taft for Attorney-General, and McDonald Cameron (son of Simon) for Secretary of War. Pierpont is our present Attorney-General and Taft Secretary of War. We think the promotions well-deserved. About Cameron, the Secretary of War, it is said that it was brought about by the influence of Senator Conkling and was made to help the latter's Presidential prospects and is regarded as the selling price of Pennsylvania's vote for Conkling at the Cincinnati Convention.

Thomas H. Williams has purchased the property known as the First National Gold Bank building, corner of Sansome and California streets, for \$287,000. He has also bought the Halleck building in the rear of Sansome, for \$87,500.

A NATIONAL DISGRACE.

Of all the disgraceful acts of politicians which journalists have had to record during the past decade, that in relation to the blackmailing of Miss Ada C. Sweet, pension agent at Chicago, Illinois, seems to be pre-eminent. She testified that she paid one David Blakely, the former pension agent in that city, three thousand dollars, and to United States Marshal B. H. Campbell, five thousand dollars. The latter individual is father-in-law to the pure-minded Gen. Babcock. The aggregate of the sums paid to these and other parties with her office expenses, amounted to two thousand dollars over her salary. Her first payment was twenty-one hundred dollars in consideration of receiving and holding her office. Then Blakely demanded a receipt for \$40,000, which balanced a deficit of his own, he turning over to her \$37,000 and afterward he came to her office with a confederate, and forced her to pay him three thousand dollars, charging that it was her deficit. She now owes about two thousand dollars, and has probably arrived at the conclusion that under the "present existing state of affairs" woman's sphere is far removed from the rotten depths to which politics have sunk. Surely, this is the worst of all the bad epochs of political corruption: and the end is not yet.

THE BLACK HILLS.

Reports through the press, and private correspondence, say that a majority of the unfortunate gold-hunters who were enticed to the Black Hills, are now suffering from the want of food, and from Indian hostilities. It appears, also, that these "gold diggers" are not yielding the riches that were anticipated, and that a majority of the "diggers" wish themselves home again. This is the old story—a certain class, greedy for wealth, leave the comforts of home, the sure gains of established industry, and rush away to some counterfeit El Dorado, which eventually turns out to be a region of suffering, disappointment and death. Every town, city and State in the country, offers as good inducements, free from peril, as these boasted fields of gold on the distant Yellowstone. Yet some men are never satisfied—and to that class a grave among the Black Hills is an asylum from all cure, trouble and unrest.

STATE POLITICAL NOTES.—Hon. Richard Rising, District Judge of Storey, and Hon. O. R. Leonard, ex-District Judge of Humboldt, are mentioned as candidates for the Republican nomination for Supreme Judge. On the Democratic side we have heard of Judge Seawell, of Lyon.

For Congress on the Democratic side, Geo. W. Cassidy, editor of the Eureka Sentinel, Hon. J. R. Kittrell, Attorney General, and Ogden Hiles of Virginia are mentioned. Hon. C. E. DeLong and Wm. Wood, of Storey, and Hon. Thomas Wren, of Eureka, are named as likely to be aspirants for the Republican nomination.

The Republican State Convention meets at Carson on the 24th of August and the Democratic State Convention at Virginia City on the 28th.

HENRY ROBERTS has sent a petition to the San Francisco Board of Supervisors for permission to exhibit the head of the bandit Chavez, captured by him in November last on the Gila river. Roberts represents that he has been at considerable expense since the date of the capture, and that it will be impossible for him to receive the reward offered by Governor Booth until the meeting of the next Legislature, and his funds being exhausted he desires permission to make such exhibition as will enable him by his profits to return to Arizona.

It is now tolerably certain that the Senate will vote against jurisdiction in the impeachment case. Eaton is the only Democrat who has announced his intention to vote, but it is probable that nearly as many Democrats will join the Republicans as Republicans like Edmunds will vote in favor. A vote will probably be reached to-day.

AMONG the various aspirants for presidential honors, Bristow and Tilden appear to take the lead.

TELEGRAPHIC NEWS.

EASTERN DISPATCHES.

Their Side—Robeson's Stealing—For Vice President.

NEW YORK, May 23. A Washington special says: Every member of the Senate has received from San Francisco by mail, an anonymous pamphlet, arguing the other side of the Chinese question in California, and elaborately denying nearly all the allegations of the San Francisco anti-Chinese Mass meeting. It appears that nothing is said as to the authorship or publishers of this effusion, it being submitted simply in the name of the friends of right, justice and humanity. It contends that the Chinese number less than one eighth of the population of San Francisco, and one-thirteenth of the population of the State, and argues that Mongolian cheap labor is desirable. It challenges effective testimony to sustain the charges that the Chinese in California consist to any extent of slaves or criminals, and generally argues that their presence is a blessing to the interests of California and the country at large.

A Washington special says that the case of Secretary Robeson has been much discussed. The attempt of Robeson's friends to lay the blame of the Cattell plunder on the Bureau officers of the Navy Department excites some indignation. It is said that the committee is satisfied that the Cattell claims were not less than \$500,000. There was a report last night of new discoveries which will cause the impeachment of Robeson unless he resigns.

A Times Washington special says that the friends of Senator Cameron of Wisconsin will present his name to the Cincinnati Convention for Vice President. They claim to have assurance of support from Wisconsin, Arkansas, Louisiana, Nebraska, Michigan and Minnesota.

PHILADELPHIA, May 23.

The attendance at the Centennial grounds is steadily increasing. Nearly all the exhibits have arrived. The flower beds about Centennial Hall begin to bloom, and present a beautiful sight.

A Lunatic.

QUEBEC, May 23. Lewis Riel, the notorious outlaw, has been admitted to the Bonfou Asylum as a lunatic. Some think his insanity is only for the purpose of obtaining pardon from the Government.

Wrestling Match.

CINCINNATI, May 23. Theo. Bond Bonner has challenged Heister to a wrestling match for from \$1000 to \$5000 a side, the match to be decided in this city.

WESTERN DISPATCHES.

Chinese Question—New System—Small Pox—Etc.

SAN FRANCISCO, May 23. A few days ago the Chinese merchants of this city sent a dispatch to Hongkong, directing the merchants in that city not to ship any more goods on steamers or vessels carrying more than one hundred passengers. A dispatch received here yesterday from Hongkong, announcing that out of 400 passengers that had engaged passage on the City of Peking, but 106 were allowed to come. Hereafter but one hundred will arrive on a single steamer.

Yesterday the schooner W. H. Besse sailed from this port for Honolulu with 300 Chinese coolies, engaged here to labor on sugar plantations in the Sandwich Islands. The contract was made with the Chinese companies here.

Delegates from all the Anti-Coolie clubs met at Crusaders' Hall last evening and perfected an organization under the name of the "Anti-Chinese Union." Cameron H. King was elected President.

It has transpired that several butchers are in the habit of selling diseased pork, and very young veal, and the Market Inspector is now confiscating all such meats as he can find.

Sometime ago a contract was made between the Board of Supervisors and the City and County Surveyor, Humphreys, whereby he was to draw up a system of sewerage for the city. Humphreys last evening presented his report to the Board. Under the present system the sewers being down to the level of low water, the

tide rises and falls in them, choking their outflow and making them really nothing but elongated cesspools choked with sewerage matter, and he makes suggestions as to remedy this evil.

Health officer Dr. Meares announces that 5 cases of small pox had been reported to him since Friday. The first occurred on Friday evening and two on Sunday. In all the cases the disease appeared in an insipient form, before the arrival of the steamer Colorado, so that the affection is in no wise attributable to that vessel or its passengers. The Doctor remarked on the almost similar character of the first three cases, and said that it looked as if there was something atmospheric in its nature, and that it emanated from Chinatown, where there may be a number of cases.

ACROSS THE CONTINENT.

From New York to San Francisco in Eighty-Eight Hours—The Greatest feat in the Annals of Railroadings.

(From the N. Y. Herald.)

A train will start at one o'clock on the morning of the 1st of June for San Francisco from the city of New York, a distance of 3,325 miles, with sixteen passengers, each of whom will pay \$500 fare, the fare including a week's board at the Grand Palace Hotel at San Francisco. When the passengers reach their destination they will be received by the Mayor and Common Council of San Francisco. Mr. Henry C. Jarrett, of Booth's Theater, who is the manager of the affair, intends to reach San Francisco in eighty-eight hours from New York. The New York Herald will be carried on the train and will be delivered at Pittsburgh, Chicago, Omaha, San Francisco and all intermediate stations on the roads. Mr. Jarrett, moved with the spirit of American enterprise, and desiring to do the fastest thing ever done on a railway in the United States, has made arrangements with the different railroad companies between New York and San Francisco to have at night, at every half mile, a torch bearer, and during the day men bearing signal flags. On every different road and at every station the Herald will be delivered and in thirty-four hours from New York City the Mississippi river will be reached at Clinton. The Herald of Thursday morning, June 1, will be sold in Chicago on the same day. Mr. Jarrett has engaged this train with the intention of making a centennial event of the affair. Leaving New York at 1 o'clock on Thursday morning, June 1, he believes that his distinguished guests will dine at the Palace Hotel in San Francisco on Sunday, June 4. There are bets that it can not be done. Thirty-four hours to the Mississippi river by rail and no stoppages between New York and Pittsburgh, is something wonderful if it can be done. The United States Government has decided to send its mails by this lightning train, and Wells, Fargo & Co. will also send their gold, specie and valuable packages by the same.

The tickets for the guests are of exquisite workmanship, in book form, five inches by four in dimension. The outer coverings are of solid silver, burnished in the center, and the ten leaves inside are engraved by a Baltimore firm. The passengers, sixteen in number, will have their silver bound ticket books encased in white satin caskeys, with a lilac or ecor satin lining. The cost of each ticket book and caskey will be \$40. During the passage of the train there will be relays of engines at every station where the train may stop. The excursionists will form a stag party, no ladies being admitted on the train. It is intended to run about forty miles an hour, but the quickness of the trip will be accomplished by this continued speed without stoppages.

THE UNIQUE TICKET.

The silver ticket book contains the following programme: On the first leaf is "Jarret & Palmer's Special Fast Trans-Continental Train, New York to San Francisco. Henry C. Jarrett, General Manager." On the second leaf—"Pennsylvania Railroad—New York to Pittsburgh." Third leaf—"Pittsburg, Fort Wayne and Chicago." Fourth leaf—"Chicago and Northwestern Railway—Chicago to Omaha." Fifth leaf—"Union Pacific Railroad—Omaha to Ogden." Sixth leaf—"Central Pacific Railroad—Ogden to San Francisco." Seventh leaf—"Pullman Palace Sleeping Car—good for a double berth—New York to San Francisco." Eighth leaf—"Coupon ticket for meals en route." Ninth leaf—"Order on Grand Palace Hotel, San Francisco, for one week's board." Tenth leaf—"Distance table from New York to San Francisco." The tickets will permit the passengers to return at any time during six months following the 1st of June, 1875. The silver in the binding of the trip book weighs five ounces, and will make a magnificent souvenir of the eighty-eight hour trans-continental trip of the centennial year. The only guests on the train will be the special correspondents of the London Times and the New York Herald.

"OLD NEVADANS."—Arrangements have been made by the Central Pacific Railroad by means of which all persons wishing to attend the reunion of "Old Nevadans" at Nevada City next Friday, May 26, from this section may obtain tickets at Reno on the 24th and 25th (only) at half fare to Colfax and return, which tickets will be good till the 28th instant. The "Old Nevadans" expect to have a grand time. They will, among other things, celebrate the completion of the railroad to Nevada, will have a picnic, music, oration, poem, etc., in a grove between Nevada and Grass Valley, when a permanent organization of ex-residents will be effected for the purpose of having similar meetings annually hereafter.

COURT PROCEEDINGS.—We inadvertently omitted Monday's District Court proceedings from yesterday's issue. Arguments in the cases of Webster vs. Mitchell, and Conner vs. Ragle, were heard, and cases continued. Court adjourned until Friday, after issuing a venire for 30 trial jurors, returnable the 6th of June.

Fryer.—Mr. A. R. Fryer, brother to the process inventor, was in town yesterday in the interests of the process, proposing to introduce it in the Peavine mines. It is claimed that this mode of treating ore will reduce the Peavine rock very readily. We hope it will, and if it will, that it will be introduced.

THEATRICAL.—The "Two Orphans" at the Opera House this evening, on the occasion of the benefit of Amy Stone, this being her last appearance in Reno. The play will be presented with all the grand scenic effects, and the troupe will endeavor to do it full justice. It will be worth your while to see it.

RALLY.—All citizens are desired to attend the meeting to be held in the Methodist Church next Saturday night at 7.30 o'clock, for the purpose of talking about the proposed Methodist Seminary. All who have the true interests of the town at heart will attend this meeting.

The Minstrels had another crowded house last night, and the performance was all first-class. Tonight Carson will have them, but we hope the troupe will give us another show on their return from the Capital and Comstock.

ESCAPED.—On complaint of R. Leeper a couple of young gentlemen were brought before Judge Gilson yesterday on a charge of vagrancy. They managed to clear themselves of the charge.

A Success.—The Odd Fellows ball given at Washoe City last night was a complete success in every particular. Dancing was continued till a late hour this morning.

Quite a number of Renoites leave by the regular overland passenger train to-night to attend the reunion of Nevada county people. A big time may be expected.

The bullion shipment last night was as follows: East, five bars; west, forty-nine bars. A box of coin also went east.

SAM WELCH is having a nice coat of paint put on in his restaurant, the Woodcock. It will look very neat.

It is said on very good authority that Alvinza Hayward, the whilom great mining operator, who raised Savage from nothing to \$700 per share, is about taking a hand in the stock game again, having recently purchased heavily in Justice and Dayton, two of the leading south end Comstock mines. Capt. Matt Canavan, Haywards confidential man, has charge of Dayton, while Benjamin Peart, Hayward's confidential manager, represents him in the Justice directory. Lively times may be expected when Hayward comes to the front again.

The Molly Maguire trials are attracting much public attention in Pennsylvania. It appears that a detective named McFarlan was initiated in the Society and consequently is able to give evidence which fixes the guilt of several of the accused. He is securely guarded day and night, but it is feared that the vengeance of the friends of the accused will yet reach him.

It begins to be doubtful whether the bill for the transfer of the Indian Bureau to the War Department will pass the Senate. The Senators are disinclined to vote out of their hands the large and profitable patronage which they now enjoy in connection with the Indian Bureau.

The heirs of ex-President Andrew Johnson have obtained the remainder of the money belonging to him, which was on deposit at the National bank in Washington when it failed, two years ago—being nearly all of his savings of about \$60,000.

The bondsmen of the Treasurer of Lincoln county, who had given notice of their withdrawal, have, on mature reflection, concluded to let their names remain on the bond, as there must be some responsible person to take charge of the public moneys.

The Pioche Record says a County School Superintendent and Coroner are wanted immediately in Lincoln county. These positions are now vacant, and need some public-spirited and energetic citizens to fill them.

SHOCKING TRAGEDY.

Two Men Killed and Another Seriously if Not Fatally Wounded.

Yesterday morning R. C. Haydon, his son Robert and Mr. Bartlett went upon their land claim on Michigan Flat, about three miles east of Juncosville, and there met Wm. Leith, Wm. Leith, Jr., John Thayer, and a German who was employed by these latter parties. Here a dispute arose relative to the right of Leith & Co. to cut a water ditch across Haydon's land. The Leith party were well armed, while R. C. Haydon only, of his party, had a musket. Hard words immediately ensued. Wm. Leith shot and instantly killed R. C. Haydon and knocked Bartlett senseless with a gun, and John Thayer shot and killed Robert Haydon. About this time Thomas Maloney and B. H. Leavett came along and the Leith party ran away. The Coroner was summoned and held an inquest over the bodies of the dead men. The verdict was to the effect that R. C. Haydon came to his death from shot-gun shots, fired by Wm. Leith, and that Robert Haydon was killed by pistol shots fired by Thayer. Leith, Leith, Jr., and Thayer are under arrest and will have their examination to-day. Dr. Spaulding thinks Bartlett's recovery doubtful. All these parties have hitherto been peaceable and law-abiding citizens, but this case looks badly and the results the most horrible that ever occurred in the county. Such wholesale slaughter of men's neighbors can hardly be justified.

We take the above from the Susanville Advocate of last Saturday. We have only to add that Bartlett has since died. All of the parties connected with this sad affair are well known to most all of the old residents of Lassen county, now living in Reno.

From Mr. J. G. Law, editor of the Susanville Farmer, who arrived in town last evening, we further learn that the examination was commenced yesterday, the plea of the defendants being "self defense." But from Mr. Law's statements the murder was committed in cold blood, and entirely unjustifiable, the attacking party opening the affray from behind breastworks, and the parties killed unable to make any resistance, two of them being old and feeble men.

Railway at the Bottom of the Sea.

When railways on land were first talked of the projectors were credited with being visionary enthusiasts. What, then, is likely to be thought of those who seriously propose to have railways under the sea. A submarine carriage of a most ingenious construction has recently been invented in Paris to cross the channel, and for navigating deep rivers and canals. The carriage is of galvanized iron and is hermetically sealed. As its lightness, compared with surrounding water, would cause it at once to rise to the surface, it is attached to a heavy eight-wheeled truck, which runs on a line of rails laid down under the ocean. It is not fastened so securely, however, but that, in the event of an accident, it could be at once detached and allowed to ascend to the open air, when it would be easy to make for the nearest port. The motive power is supplied by two screws driven by compressed air. An enormous quantity of air is distributed through the interior in numerous pipes for the benefit of the crew and passengers. We might enter still further into details and describe the electric light at the bows, which is to illuminate both the road and the interior of the vessel; the entrance for the passengers, hermetically sealed when all are aboard; the strong glass windows, out of which any one may see the marvels of the deep; the raft carried on the roof, and the diver's chamber at the stern.

GRASSHOPPERS have made their appearance in Salt Lake. They are diminutive, but blessed with exceedingly large appetites.

PIANO TUNING AND REPAIRING.—Mr. Jacob Zech, of San Francisco, the pioneer piano manufacturer of the Pacific Coast, will be in Reno in about a week to repair and tune pianos, and also to sell the celebrated Zech piano, patented April 4th, 1876. Orders may be left with Mr. Louis Wintermantle, where one of these pianos can be seen.
